

My Response

VERSE 1

I come now to lift up my voice
With all my heart and soul
I offer you this song

I'm not here to wait for the day
When every trouble fades
I come to bring my praise

PRE-CHORUS

All my heart will worship you forever
Through every season I will choose to sing
I walk by faith and not by what I'm seeing
I know that You are faithful till the end

CHORUS

I will praise You
Long before miracles happen
Even in doubt I'll keep trusting
With my life I'll bring you praise

I will praise You
As I remember Your promise
As I'm receiving Your answer
I will always bring you praise

VERSE 2

Even when I'm in the dark
You never leave me there
You guide my every step

Over and over again
You prove that you are true
In everything you do

BRIDGE

And this is my response Lord
My trust is in You
So I will sing

Every sunrise
Or when the night comes
You are my anchor
So I will praise
